Create-A-Map

Imagine you won the Jet Pride lottery and scored every Jet Pride ticket ever made. You now have thousands of Jet Pride tickets and need to store them away from school. Your mission is to hide your tickets somewhere near school to keep them hidden from fellow students.

Using T.O.D.A.L.S create a map that guides you to your secret stash of Jet Pride tickets. Your starting point ***HAS TO BE John Glenn Middle School*** and you need to hide your stash ***at least 500 feet away*** from school. I want you to be creative with this project and think “outside the box” to make your map interesting use. Remember you have to have your map start at John Glenn but everything after leaving John Glenn can be unique to your imagination! Remember to make your map tricky in case someone finds your lost map! Have fun and bring your awesomeness to this project!

Here is the rubric on how you will be graded.

Create-A-Map Rubric				
	4	3	2	1
Knowledge	-	Knowledge of TODALS was completely shown on the map	Knowledge about TODALS was fairly shown on the map	Knowledge about TODALS was not used on the map
Color	4 or more colors have been used	3 colors have been used	2 colors have been used	1 color has been used
TODALS	Title, Orientation, Date, Author, Legend, and Scale are all on map.	Missing 1 aspect of TODALS	Missing 2 aspects of TODALS	Missing 3 or more aspects of TODALS
Neatness And Understanding	Work is neatly drawn and map can be understood	Work is fairly neat with few mistakes and can be understood	Work is fairly neat but hard to understand	Work is messy and hard to understand

Helpful Hints:

- TODALS stands for: T (title) O (orientation) D (date) A (author) L (legend) S (scale)
- make a good clear legend to make sure your symbols are understandable
- check the rubric to make sure you have everything needed to get the most points possible
- use your class time wisely as this will be collected on FRIDAY September 23!
